Title: Your Contributions Make a Massive Difference

Dear sisters and brothers of the Humanity's Team family,

Never before in our 18-year history have we found ourselves in a moment like this one where the possibility of **expanding our reach of unity, connection and conscious living to a larger world audience is literally right at hand.** And, frankly, we absolutely can not do it without your help. Let me explain.

What exactly is the form of this reach?

It is a heart-based campaign to meet the needs of our global friends by adding Spanish captioning to our library of Masterclasses, originally produced in English.

These Masterclasses are a part of our **Humanity Stream+ subscription service, a revolutionary streaming platform in the transformational education industry.** Though it was not even on our minds as a goal at the time, in early 2020 we were divinely guided to **create a streaming platform for conscious living** that would extend into every household, where inspirational programming could be viewed on any device, at any time, anywhere.

We are *the* non-profit in the streaming subscription service industry, and this Divine inspiration is a tall order to fill. But we have done it. And here we are at the end of 2021, standing alone in this industry, providing a revolutionary, graphical, intuitive, and economical platform, streaming hundreds of conscious programs, including our very latest addition, **Forbidden Science with Gregg Braden and Nassim Hamein**, their newly-revealed science being a Galileo moment onto itself.

Now let me get to how you can help. You may not know that half of our worldwide members are outside of the U.S. The on-screen Spanish captioning project I mentioned above will most certainly advance the Humanity's Team goal of **hastening global access to conscious programming** that elevates consciousness, teaches us how to tap into our limitless nature, guides us in healing trauma, awakens us to living in awe and wonder, reveals brand-new, self-empowering science, and much more.

The Humanity's Team Masterclasses are a collection of life-changing, transformational educational programs that support each individual—that support *you*— to awaken to **the memory of your Divine nature and activate your personal desire and motivation to be in service to all of Life.**

And though it's true that everyone on the planet at this time is in some way participating in the collective transformation, it also may be true that **if English is not your first language, you simply do not have the same advantage to participate** via the Humanity's Team programming.

Earlier I said that **we absolutely can not achieve this goal** of Spanish captioning of all our Masterclasses **without your help.** This is not hyperbole.

Let me explain precisely how you and all of your brothers and sisters in the Humanity's Team family can support this monumental and Life-transforming project.

Today, 18 years into our vision and mission of PACE (planetary awakening & conscious evolution), we find ourselves surrounded by a small group of incredibly generous, anonymous benefactors who are **so excited about picking up the pace to make conscious living pervasive worldwide by 2040, that they are literally throwing money at us**, with the caveat that **we can collect fully on their pledges** only if we achieve the match.

How much is at stake? Twenty-five thousand dollars. **Yes, that's right, \$25,000.**

We as a community need to come together, each and every one of us, to raise enough to satisfy this donor match opportunity else we'll literally be leaving money on the table. As of this writing, we've raised nearly \$8,000, but we have a long way to go.

And before I go on with how you can help, **I want to take a minute to personally thank all of you who have already contributed to this campaign.** We are genuinely grateful for your support.

For those who have read our previous emails and this one and are now thinking, "Well, I love the idea of being a part of this Spanish captioning project to expand conscious programming forward into a broader world audience. But these are hard times. I'm struggling myself to make ends meet"...

Let me ask you this. During this past week, did you purchase a coffee or chai latte? Did you satisfy a craving for a chocolate bar or a nice Fuji apple? Did you end up with a pocket of change after purchasing some groceries?

If so, **if you have even one dollar** that is not absolutely critical to you in support of yourself and your own family, I am inviting you to **join with me and my family and teammates to participate in this fundraising project.**

Because you are a valued member of the Humanity's Team family, I'd also like to invite you to join us for a very special program this coming Tuesday, December 14th where we'll be sharing more about our goals and vision for 2022 and beyond and the various ways you can participate.

{With a Special Video Message from **Michael Bernard Beckwith, Debra Poneman & Neale Donald Walsch**}

Meet With Us Tuesday, December 14th, 12:30pm Pacific at the link below:

<https://us02web.zoom.us/j/85147578861>

I do hope you'll join us on Tuesday for this fun and inspirational community gathering. You'll hear more about our benefactors who are so energized as a part of the global conscious movement that **they're calling us to see how they can help.**

As we come to the end of this year, and as each of us feels into the holy moments of our own traditions and rituals, I invite you to go within and ask yourself?

What energizes me?

What can I do?

How can I be of even more service to humanity and all of Life?

I'm personally asking you, if it's at all possible, to please pull that dollar (or more, if you can) out of your pocket and **place it into our Spanish captioning fundraising campaign. Combined** with all of the dollars from your sisters and brothers in Humanity's Team, **your contribution will make a massive difference in our being able to reach the match goal** and will allow us to quickly move forward. For \$30, we can caption ten minutes of one Masterclass Module. And for \$100, we can caption an entire Module. You can see how even

a dollar or so from every person who opens this email will make a profound difference in the lives of our Spanish-speaking audience.

You can help us with the captioning project here:

And, please do join me and Noe for our **Global Oneness Connect** event this Tuesday, December 14th, at 12:30pm Pacific / 3:30pm Eastern at the link below:

We've never been more hopeful. The Divine is supporting Humanity's Team in bringing on this vision of making conscious living pervasive worldwide by 2040, and our home team, including all of the country contacts and coordinators (most of whom are volunteers), is bringing our very best to the mission every single day.

Our dream is on this planet, creating flourishing for every man, woman, and child, every creature, and all of Life. It is truly a co-creation and you are no less a part of it than any one else.

With your help to pick up the PACE, we can accelerate all of this. I wake up every day energized by the knowledge that we are co-creating a flourishing humankind and planet, a true Heaven on Earth.

Thank you for being a part of the Humanity's Team family!

In Service and Love,
Steve
